Who is considered a parent? "Parent" refers to a biological or adoptive parent. Grandparents, foster parents, legal guardians, older siblings, and uncles or aunts are **not** considered parents on this form unless they have legally adopted you. **In case of divorce or separation, give information about the parent you lived with most in the last 12 months.** If you did not live with one parent more than the other, give information about the parent who provided you the most financial support during the last 12 months or during the most recent year you received support. **If your divorced or widowed parent has remarried, also provide information about your stepparent.**

For signature and security purposes, FAFSA requires students and one parent to create an FSA ID.

You may want to create the FSA ID a few days BEFORE filing.
