Early Decision vs Early Action

ED applicants

- Apply early (usually in November) to first-choice college.
- Receive an admission decision from the college well in advance of the usual notification date (usually by December).
- Agree to attend the college if accepted and offered a financial aid package that is considered adequate by the family.
- Apply to only one college early decision.
- Apply to other colleges under regular admission plans.
- Withdraw all other applications if accepted by ED.
- Send a nonrefundable deposit well in advance of May 1.

EA applicants

- Apply early.
- Receive an admission decision early in the admission cycle (usually in January or February).
- Consider acceptance offer; do not have to commit upon receipt.
- Apply to other colleges under regular admission plans.
- Give the college a decision no later than the May 1 national response date.
What student should apply early?

- Has researched college extensively
- Is absolutely sure that the college is the first choice
- Has found a college that is a strong match academically, socially and geographically
- Meets or exceeds the admission profile for the college
- Has an academic record that has been consistently solid over time

Welcome

Welcome to Family Connection by Naviance!

El Dorado High School’s Family Connection site is designed to assist our students with college and career planning. Utilizing the tools in the tabs above will help you to set future goals for yourself, build a professional resume that can help you to get a job or assist your teachers in writing your letters of recommendation, identify careers of interest based on questionnaires and personality surveys, and search for colleges that will enhance your education and allow you to achieve your goals.

We encourage you to explore your career goals, find your best fit in a college or university, and explore college visits and enrichment programs that can help you to figure out where you want to be and what you want to do come graduation year.

Please check out the resources in the tabs above and the links below and reach out to your counselor with any questions or ways in which we can better assist you in achieving your goals.

- **SuperMatch** college search: Select from a number of criteria, indicate its level of importance and quickly get a response based on those criteria, including an explanation of the results.
- **Colleges I’m Thinking About** list: You can add colleges directly to your Colleges I’m Thinking About list or you can use some of the college research tools like SuperMatch and College Search to identify some colleges that might be a good fit for you. By listing colleges that interest you, your counselor can give you some insight into how selective that college may be and if that college would match well to your academic and high school background. During your senior year, you will be able to convert the colleges that you have decided to apply to from your “Colleges I’m thinking about” list to your “Colleges I’m applying to” list.
- **Roadtrip Nation** content: The Roadtrip Nation interview archive is a digital career exploration tool that enables students to discover new pathways, interests, and ambitions. The archive includes more than 3,500 full-length video interviews chronicling the diverse personal stories of leaders who have turned their interests into their life’s work.
- **Resume Builder**: Includes quick tips on completing a resume and thinking about future opportunities to help build the resume.
- **Do What You Are** survey: Do What You Are is a Meyers-Briggs based personality profile. It reveals information about a student’s strengths and blind spots, recommended career paths and college majors, as well as tips for conducting the most effective career search.
- **Career Interest Profiler** survey: The Career Interest Profiler is an online career interest assessment for students based on Holland’s interest codes.
